

Are We As Good A Neighbor To Red Cross as Red Cross Is To Us?

About two weeks from now we will know. When we have counted up the dollars that we have contributed to the October Red Cross Fund Drive and find out how much money there will be to sustain Red Cross Activities in Crawford County for the 1975 Fiscal Year.

We were asked the other day about the Chapter's financial status. The best answer is probably "very precarious."

The Chapter needs a minimum of \$1500 to maintain county activities at their present level, but, some of these activities, for the good of the community, should be expanded; particularly, in the home nursing training area. Some of the equipment in the Loan Closet, especially wheel chairs, must be replaced with modern types. It would seem that adequate local funds should be at least \$2100.

That means a Fund Drive Goal of \$3500 - 40% to National Red Cross, \$1400 - 60% \$2100 for the Crawford County Chapter.

There are approximately 7000 inhabitants of Crawford County, so \$3500 is but fifty cents per person per year. A rather small fee for the insurance benefits of American Red Cross protection.

Let's take one item alone - the 260 pints of blood our County's citizens received from Red Cross last year over what we were able to contribute to the Blood Bank. If our citizens had had to pay for that blood, the extra cost (The difference between the cost of commercial laboratory blood and Red Cross blood) would have been more than \$5000. \$5000 is five times as much money as we contributed to National Red Cross last year, and three times as much as National Red Cross's share if we reach our \$3500 Fund Drive Goal!

CAN WE AFFORD NOT TO BE AS GOOD A NEIGHBOR TO RED CROSS AS RED CROSS IS TO US?

Please help the community do its share. Please send the biggest contribution you can afford to the Crawford County Chapter of American Red Cross today! Send it to P.O. Box 649, Grayling, Michigan 49735.

Northmen Sink Vikes, 58-30

Boyne Here Friday

The Petoskey Northmen bombed the Vikings' ship last Friday when they showed the visiting green and white squad why they lead the Michigan-Huron Shores Conference, and are undefeated in 6 games, as they romped to an easy 58-30 win.

This Friday night, the Vikings will be at home and will entertain the Boyne City Ramblers who have yet to win this season, and should have little trouble with the Ramblers. Two more games remain following Friday, the Vikes will be at Cheboygan, Oct. 25th, and will finish the season against the Gaylord Blue Devils here Nov. 1st.

The only consolation coming from the Petoskey encounter is the fact that no other team had scored more than 8 points against the Northmen's defense, until Bonamie and Company put 30 on the scoreboard. Cliff Bonamie, did his best for the Vikings in a losing cause, when he scored two touchdowns on runs of 45 and 12 yards and ran for one conversion, besides passing to flanker Craig Hinkle for two TD's of 49 and 28 yards, plus tossing to Hinkle for two, 2-point conversions.

Bonamie now has 937 yards rushing in 135 carries, and has tallied 80 points to lead the

M-HSC scoring, and with these credentials certainly should make him a prime candidate for all-state honors.

The Northmen's power showed as they jumped out to a 36-6 halftime lead which proved to be too much of an uphill pull for the Vikings, even though they

McLachlans Sell Sears Catalog Store

Bob and Sherrill McLachlan announced this week the sale of the Sears Catalog Store on James St., to Sears Roebuck and Co., of Chicago.

A manager will be named later by the new owners who took over Tuesday of this week, with the present employees remaining.

Appliances will still be available for immediate delivery, with plans underway for faster deliveries, and larger selections of items for immediate sale.

Mrs. McLachlan will be employed by Sears, and Bob says, this will make her happy, as she will now be receiving a pay check.

Mr. McLachlan will be devoting full time to his truck-business, the Mill-Town Rubbish Service.

Trout Unlimited State Meeting

The State Council meeting of Trout Unlimited was held in Lansing on October 3, 1974. Ruth Lovejoy Grutch, president of the George W. Mason chapter, George Griffiths and Dudley Lea of Grayling attended this meeting. William "Luce," the new national president and James Brown, the eastern field representative of Trout Unlimited were introduced.

Also presented at this meeting was the report on the physical and environmental inventory made this summer on the property deed to T.U. by the Stranham C. Knight families of the Trout Unlimited Research Areas on the AuSable River. This study was under the direction of Dr. Ray White of Michigan State University and was financed by the Michigan Property Management Board of Trout Unlimited.

Bird, animal, plant and fish populations and habitats were intensively studied with some controlled experiments being done at the Grayling fish hatchery by the personnel of the study. The report will be published soon and from it, a plan will be established for the use and management of these areas.

Dedication and Open House For Camp Shawono Next Monday

(Special to The Avalanche)

The members of the Citizens' Advisory Action Council of Camp Shawono (Formerly Camp LaVictoire) are busily attending to the final details of the upcoming Formal State Dedication and Community Open House at the new Camp site on Howes Lake Road, west on Grayling on M-72, scheduled for Monday, October 21st, at 1:00 p.m.

Among the notable guests who will be present for the State Dedication ceremony are State Senator Robert W. Davis, State Representative Ralph Ostling, Major General Clarence Schnipke, Adjutant General of the Michigan National Guard, Colonel Edmund Rutkowski, Commander of Camp Grayling National Guard Camp and Mr. and Mrs. Fred Bear of Grayling.

"We are very pleased," comments Mrs. Cathy Kraus, chairwoman of the State Dedication and Open House program, "to have all of these distinguished guests present at the Dedication ceremony; even more heartening, however, is the enthusiastic response we are receiving from within the Grayling and Frederic communities. Many kind people are allowing us to use their equipment for the ceremony and/or are offering generous donations to the boys at the Camp. The members of the Citizens' Advisory Action Council and the Camp staff deeply appreciate the thoughtfulness and concern of these people."

Preceding the dedication ceremony, the CAAC is co-joining with the staff and campers to host a buffet luncheon for out-of-town guests and various guests from within the Grayling and Frederic communities.

"Originally, we had planned to have an open buffet luncheon for all guests. Limited seating facilities made this plan unfeasible, so the Council was forced to cut back its luncheon invitations. However, coffee and homemade refreshments from the Camp Kitchen, will be served to the general public during the Open House tours," said Mrs. Kraus.

Radio WGRY of Grayling is currently planning to broadcast live the Dedication ceremony which will be held in the gymnasium of the new Camp site. Following an invocation by Rev. Paul Weber of Mt. Hope Mission Synod Lutheran Church of Grayling, the Dedication will include remarks by Judge Eugene Moore of Oakland County, Chairman of the Sub-Committee on Juvenile Affairs of the Michigan Probate Judges Association; Robert Little, Director of the Office of Child and Youth Services; Cathy Kraus, Dedication Day Chairwoman of the Citizens' Advisory Action Council; Richard Manly, Director of Camps, Office of Child and Youth Services and Tom Hazen, Camp Supervisor of Camp Shawono. The Grayling Area Senior Citizens (RSVP) under the direction of Helen Moon, a CAAC member, will also make a presentation to the Camp.

Camp Shawono is a new \$860,000 facility replacing the old Camp LaVictoire and in- [see Dedication on page 14]

Two Bound Over To Circuit Court

Two persons were bound over to circuit court in Grayling last week:

Carl L. Williams, 22, of Roscommon was bound over to circuit court on four charges of breaking and entering after he waived preliminary examination before Judge Francis L. Walsh in district court last week.

Williams, who was arrested March 10 on a citizen's complaint, appeared before Judge Walsh on Tuesday. He is charged with breaking into two cabins and a house in Beaver Creek Township. He is being held in jail on bonds of \$20,000.

Kenneth Brabender, 28, of Grayling was bound over to circuit court on a charge of assaulting a policeman. His bond is \$1,000. A second charge against Brabender, drunken driving, is pending. Allan Richard Sullivan, 26, of Vanderbilt entered a plea of guilty in district court to a charge of unlawful use of marijuana and was sentenced to a fine of \$204 or 30 days in jail. He was arrested by City Police on October 3rd.

DRAIN CONSTRUCTION UNDERWAY—The storm drain construction at the north end of town got underway last week. The contract for the project for a total of \$89,008.84 was awarded to MacLean Construction of Ludington. This 30" storm drain manhole shown above is located at the corner of Michigan Ave. and North Down River Road. When the project is completed, the drain system will take care of the standing water problems on North Down River Road, Lake, Rose, Clyde, Galen, Vine and Smith streets on the north end of the city. Also at the same intersection, a 10" water main was put across the road by the City crew, and will be laid along Michigan Ave. to Roberts Road where it will tie in with the new well that was scheduled to get underway this week. The contract for the drilling and construction of the new well in the amount of \$49,865.50, was awarded to Layne-Northern Company of Lansing.

Viking JV's Dump Petoskey, 24-18, Remain Undefeated, Lead League

The undefeated Grayling J.V. football team leaped a big hurdle last Thursday by dumping a tough Petoskey team, their closest conference rival, 24-18. It also marked the ninth straight home win for a J.V. squad as they added to a string of wins dating back to the 1972 season.

Grayling jumped out in front 6-0 on a 7 yard run by tailback Will Roach in the first quarter. An Alan Johnston to Bill Dean pass was good for the two point conversion.

Petoskey's Mike Docter then ran a Grayling kickoff back 83 yards, the conversion was good, and the score was 8-8 at halftime.

In the third quarter Grayling opened a 24-8 lead with quarterback Johnston passing to flanker Mike Money for a touchdown and then to end Doug Sajdak for the two point conversion. Johnston got the final 6 points on a quarterback sneak behind guard Tom Miller and center Ed Baynham and then threw to end Dave White for the conversion.

A tough Petoskey passing attack penetrated the J.V. defense for a fourth quarter touchdown and conversion. A Petoskey safety ended the scoring but not the excitement as the ball changed hands several times in the last six minutes of the game.

In key situations Grayling's tough defense, led by line-backer Dean with 19 tackles, threw back repeated Petoskey challenges.

Quarterback Johnston did an outstanding job completing 8 of 10 passes for 98 yards and Ed Ferrigan's near 40 yard punting average on 4 punts helped the team with good field position. Tailback Roach carried the ball 31 times for 197 yards, another brilliant game, behind the superb blocking of Dean, Mike Shelby and Brian Fitzpatrick.

The coaches reported they were extremely pleased with the progress of the Grayling J.V.'s. (These same Petoskey players had defeated them as freshmen 36-0.)

Coach Chuck Mires reported he expects additional improvements when the J.V.'s seek their seventh straight win tonight (Thursday) in Boyne City at 6:30 p.m.

GRAYLING, MICHIGAN - THURSDAY, OCTOBER 17, 1974

A Man of Humility

Jack Millikin has walked his path among us, and with his passing on Monday, our first thought of the legacy he left was the humility of the man we knew.

What Jack did for his fellow man would fill volumes, and always without fanfare, of any type.

He was born in Crawford County and spent his entire life here — starting out with light trucking, he built one of the largest construction company's in northern Michigan — all a tribute to his untiring work and devotion.

We will miss Jack and his friendly "howdy" when one would meet. Never hearing an unkind word of anyone — he treated all with a sincere kindness.

He will be sorely missed by everyone who walked his path with him.

PUBLIC BUDGET HEARING

There will be a hearing on the Crawford County Budget for 1975, the hearing to be held Tuesday, October 29, 1974 starting at 1:00 p.m. in the Crawford County Building.

Copies of the budget are available at the County Clerk's office for inspection.

THE BIBLE SPEAKS

From Calvary Baptist Church

The National Council of Churches

The National Council of Churches in America is an ecumenical organization including most of the major denominations in America. They claim to speak with a united voice for these denominations. From all they have been saying, the goal of the National Council of Churches appears to be church unity followed by some sort of socialist revolution.

Black militant, Leroi Jones, was paid \$1,500 to address an NCC in Dallas. Jones told the NCC that "The Church will be destroyed along with the primitive institutions," if the churches fail to support revolution in America. He said, "If the Church supports the primitive social structure (USA) which must be destroyed for the world to progress, then it will be destroyed."

This was not just an outside isolated view of an extremist speaking to them. W. Sterling Gary as president of the NCC justified the message of Leroi Jones as "exposure to live issues." Gary went on to say, "Any system that steadfastly refuses to respond to human need will have to be abolished if there is no response." The organizational structure of ecumenism in America today is supporting Communism and opposing our American system. This is not only true of our NCC, but, as the U.S. News and World Report stated some time ago, all the world is filled with clergymen who are working for Communism, and against their own economic and political systems.

The NCC also accused the people of the USA of "War Crimes" in Southeast Asia, but made no mention of any Communist wrongdoing in the area. They called upon our nation to repent of these "sins," and in the same conference passed a resolution favoring the killing of babies in America by abortion.

Perhaps the above description of a few of the actions of the NCC will help you see why Calvary Baptist Church refuses to identify in any way with such an organization or with any other church which belongs to or supports such organizations.

It is sad that the NCC is supported financially by many born-again Christians in main line denominations which have gone liberal. These Christians oppose such things, but feel no personal responsibility for the actions of their church or denomination. God says, "It is required in stewards, that a

man be found faithful." I Cor. 4:2. God has made us stewards and we shall give an account to God for the use made of His money, Matthew 25:14-30. "For we must all appear before the Judgment seat of Christ; that everyone may receive the things done in his body, according to that he hath done, whether it be good or bad." II Cor. 5:10.

The danger of religious liberals does not end behind the pulpit. It begins there. It ends when every aspect of our society, religious, economic, political, social and otherwise is poisoned by their unbelief of God's Word.

My life may be endangered by such a public stand on this issue, but the very souls of your own children and grandchildren are at stake. I trust you will not remain indifferent to the issue raised in this article. (Pd. Adv.)

Pastor Barnett

P.M. Brown, Senate Hopeful Visits County

Prentiss M. Brown, Democratic candidate for State Senate, has completed the first leg of his bicycle-walk campaign tour from Sault Ste. Marie south to Grayling.

"The reception has been fantastic," says Brown. "Everywhere we go we get a good reception and a great deal of enthusiasm for our campaign."

Brown will resume the second leg of his bicycling-walking campaign October 10, traveling from Alpena north and west across the lower peninsula to Charlevoix and then west along U.S. 2 to the Manistique-Gladstone-Escanaba areas.

Brown will pedal to the western edge of the district on or near October 30 and will use the remaining week for cross-district campaigning.

"Help Me Read"

Through the efforts of the Crawford AuSable School District a new pre-school program has been initiated in cooperation with the cooperative Nursery. Funding for this program is coming from the Federal Grant Title I.

Title I Cooperative Nursery classes began at the Grayling Elementary School October 14, and will continue each Monday, Wednesday and Friday from 12:45 - 3 p.m. Frederic's Title I Cooperative Nursery classes began October 15 and will continue on Tuesday and Thursday also from 12:45 - 3 p.m.

Mrs. Doug Wilson (Pat), teacher for the Grayling Cooperative Nursery, will also be teaching the Title I nursery classes.

The Title I Nursery School is a pilot program grant, especially written for children filling one of the following criteria:

1. Needs Social Development by playing with other children.
2. Is very shy.
3. Is hyperactive.
4. Comes from a low income home.
5. Comes from a one parent home.
6. Needs language development.

7. Needs small motor or large motor muscle coordination.

8. Has more than the usual emotional outbursts.

If we have over looked your child and you feel he/she fills the requirements, please call Irene Pettyjohn at 348-7641, and we will be happy to discuss the program with you.

Reminder: The Frederic Elementary School is planning an open house on October 22, beginning at 7:30 p.m., for the parents of Frederic Elementary children (and others who are interested) to meet the teachers in the school. It will give us all a chance to become acquainted and better understand some things we are trying to do. It should prove to be a very informative night.

With Kennedy out, Democrats have full field

After Teddy Kennedy, then who? It's a good question, without an obvious answer right at the moment.

When Massachusetts Sen. Ted Kennedy took himself out of any consideration for the Democratic presidential nomination in 1976, the only thing that developed for certain was a big hole.

Almost at the moment Kennedy was putting the finishing touches on his non-acceptance speech, pollster George Gallup's then-current nose count found that Kennedy was far and away the early Democratic favorite for 1976.

Gallup reported Kennedy with 46 percent of the vote was the nation's top Democrat.

Next in line was Alabama Gov. George Wallace, with 27 percent of the Gallup vote, then followed by old favorites Sen. McGovern and Muskie with 17 percent and Sen. Henry Jackson with 14 percent.

The conclusion is obvious: With Kennedy out of the way, the whole thing is up for grabs.

Some of the leaders for Democratic support, we are led to believe by the Washington-based columnists and seers, are folks with the unlikely names of Scoop and Fritz and Mo.

The "Scoop" is the aforementioned Sen. Jackson, who once worked as a newspaper reporter. Jackson, the experts tell us, appeals to the more conservative elements of the Democratic party.

The "Fritz" in the script is Sen. Walter Mondale of Minnesota, who is openly counting Democratic favor around the country, hoping for enough response to make a go at the brass ring in 1976. Classified in the Kennedy-McGovern liberal part of the Democratic spectrum, Mondale suffers from a pair of drawbacks—he's not very well known, and (according to a Wall Street Journal account) "the source of (his) problem, in a word, is dullness; his speaking style is rather wooden."

Then there's "Mo"—or more properly, U.S. Rep. Morris K. Udall of Arizona, who is moving more and more around the country on the political chicken-and-peas circuit, trying to put himself in the right position in case lightning should

strike. The last national candidate out of Arizona, I might note, was Sen. Barry Goldwater.

But Scoop, Fritz and Mo are just the start of a whole range of Democratic potentials.

The Washington-based media tell us of Sen. Lloyd Bentsen of Texas, a wealthy newcomer to the national scene with a yearn for bigger things; maybe even such retreats as Sen. Edmund Muskie of Maine, or George McGovern of South Dakota (if he should survive his own battle for return to the Senate this year), or Sen. Birch Bayh of Indiana, who tried out the track briefly in 1972, or even possibly Sen. Hubert Humphrey, also of Minnesota.

Outside of the halls of Congress, we are told to keep an eye peeled on another crop of hopefuls, for one national ticket spot or the other. Usually this list includes Gov. Reuben Askew of Florida; Gov. Jimmy Carter of Georgia; Gov. Dale Rumpers of Arkansas, who is most likely to move to the Senate after knocking off Sen. J. William Fulbright earlier this year in a primary; Gov. John Gilligan of Ohio; Gov. Dan Walker of Illinois.

And, we are told, the 1974 elections may produce at least a handful of potentials if they win their elections — such as Edmund G. Brown, Jr., running for governor of California; or Rep. Hugh Carey, running for governor of New York; or even Tom Clark, former attorney general and now a senatorial candidate in New York.

One thing is certain—the Democratic stable has a whole host of potentially willing aspirants to replace Sen. Kennedy as number one in the hearts of his co-partisans.

One has to wonder, though, about Gov. Wallace. The media experts generally assign him no more than a "spoiler" function, although acknowledging Wallace strength in the party and the nation and attaching considerable power to Wallace's eventual 1976 role.

But why not as a candidate? Why as only a "spoiler," or one who can block someone else but cannot win himself?

Could it be wishful thinking by other Democratic leaders?

Michigan Con Gas Urges Home Owners to Install Insulation

Michigan Consolidated Gas Company has launched into the second year of a campaign urging homeowners to install six inches of ceiling insulation to save money and conserve energy this winter, according to Robert L. McIntosh, Manager for Consolidated's Grayling Area.

The Company's insulation plan the past year was instrumental in increasing insulation sales 66 percent over the previous year, according to company surveys of insulation outlets in its service areas.

But more important to 37,700 homeowners who have installed insulation since Consolidated's campaign began, was the money they saved in heating bills.

Based on a random sampling of homeowners who participated in the company's program last winter, Consolidated has determined that homeowners enjoyed savings ranging from a low of \$16 to a high of \$39 on their heating bills.

And while saving money, they also helped conserve more than one billion cubic feet of natural gas—enough to heat an additional 6,500 homes for a winter.

"Simply put, what these figures indicate to us is that improved insulation saves money," said McIntosh. "We estimated at the beginning of our campaign last year that our customers could save up to 17 percent in gas consumption by improving insulation. Our initial surveys in the Detroit area show that gas savings have averaged 16.8 percent." McIntosh said that although Consolidated is pleased with the results of the first year of the insulation campaign, the company's goal is to improve insulation in all homes needing it.

He pointed out that in Detroit alone, there are an estimated 400,000 houses that need insulation improvement.

Under Consolidated's insulation plan, which has been adopted by many other utilities in the country as well as by several states, homeowners are shown through a do-it-yourself booklet the simple, step-by-step method to follow in installing ceiling insulation on attic floors.

The insulation booklets are available at all Michigan Consolidated branches throughout the state and at many insulation retail outlets. Customers can also request a booklet by calling their nearest Consolidated office.

The Company estimates that a do-it-yourself project using roll type insulation and covering 1,000 square feet costs about \$100.

"In a period of just a few years, an insulation project will pay for itself in savings on fuel bills and it will add to the value of the home."

17th G.H.S. Alumni Dinner Held Oct. 5th

G.H.S. Alumni gathered at the new High School for 7 o'clock dinner on Saturday, October 5, 1974. The cooks from the School Hot Lunch program served a delicious roast beef dinner with all the trimmings. A brief program in the Auditorium was the Hi-Lite of the evening when we honored two of our members.

Ethel Hoyt Riley wore a green tiara and a smile that radiated to all of us present. She is our oldest known Alumnus, only surviving member of her Class of 1904. With her were all four of her children and spouses, plus six nieces and nephews. What a tribute to a grand lady. Her escort for the evening was Dennis Theaker, Class of 1974, who introduced Ethel to the group, and presented her with a remembrance (a cute little Graduation doll with her name and Class year to identify it).

Elmer Fenton, Class of 1929, was honored for his twenty-one years of dedication to G.H.S. — the last twelve serving as Principal. With him were his three daughters and their spouses and his wife Margaret. Also members of his class. A plaque from the G.H.S. Alumni Association, inscribed with "Sincere Thanks for Dedication," was presented to him by his daughter Donna Wedge, Class of 1963. Dennis and Donna are both recipients of the R. O. Milnes Award.

Superintendent Fraser Dean was introduced by President, Clara Sorenson. He spoke briefly of the changes and progress of our present Schools.

Since our last gathering we have lost three past presidents in death—Don Gothro, Robert Welsh and Maurice Parker. A moment of silence was observed in respect of them. Other past presidents present were: Lorne Douglas, Earl Gierke and Ernest Larson.

A very brief business meeting was conducted by the President to amend the By-Laws. Passed. The Board asked for permission to use Lounge Fund money to purchase a filing cabinet for the Alumni Office. Passed.

To close the evening in our usual good spirits, we all stood and sang "Grayling Will Shine Tonight." She did. She shines whenever the G.H.S. Alumni gather.

Students Visit Historical Museum

The sunshine was perfect Thursday, September 26th, for Mrs. Yatch's second grade walk to the Crawford County Historical Museum. Our social studies stories follow a young boy as his family moves to a new community where they become interested in the town's early years. We've begun our look into Grayling's early years with all the interesting pictures and items at our museum aided by the Centennial book "The First Hundred Years."

Three mothers assisted on our walk: Mrs. McNamara, Mrs. Burns, and Mrs. Carlson, and three other mothers provided us with cookies to enjoy in the park: Mrs. Barber, Mrs. Rabideau and Mrs. Conrad.

Public Notice

On September 23, 1974, the Michigan Department of Labor, Bureau of Manpower, notified the County of Crawford that it's Fiscal Year, 1974 Comprehensive Employment and Training Act, Title II Discretionary allocation was \$930.00. This allocation brings the total FY 74 CETA Title II allocation for Crawford County to \$54,799.00.

Title II funds are for public service employment and manpower training programs for unemployed and underemployed persons in areas of substantial unemployment. Within this category, special emphasis is placed on Vietnam Veterans, Welfare Recipients, Handicapped Workers and Older Workers.

The County of Crawford has allocated its share of FY 74 CETA Title II funds as follows:

Employing Agency	Allocation	Job Classification
Sheriff Dept.	8,285.96	Deputy
	6,672.38	Deputy
	6,672.38	Deputy
Custodial	5,278.72	Janitor

your week ahead BY DR. A.W. DAMIS

Forecast Period: October 20 to October 26

ARIES Mar. 21 - Apr. 19	It's a secret between you and the "other you." Nonetheless, this week finds you putting emphasis on personal grooming and improving your wardrobe.
TAURUS Apr. 20 - May 20	For most members of your sign, things should improve on the financial front. It'll be a situation of good fortune coming by way of strange avenues.
GEMINI May 21 - June 20	Romantic communications by either phone or mail show in the charts of many Geminis. A word of advice? Choose your words carefully, this week!
MOONCHILD June 21 - July 22	Events, persons and conditions that occur during this particular cosmic cycle, will indeed, become permanent things. So, become selective in how and with whom you spend your time.
LEO July 23 - Aug. 22	It seems as though you've stepped on a few toes the past several weeks. Anyway, stellar patterns indicate the urge, on your part, to make a few amends.
VIRGO Aug. 23 - Sept. 22	You might find yourself treading on completely new grounds. As a matter of fact, you could easily stray into areas prohibited, in one form or another.
LIBRA Sept. 23 - Oct. 22	You're inclined to be a little more daring than usual, to put it mildly. You could be tempted by the bizzz. See that you stay in bounds.
SCORPIO Oct. 23 - Nov. 21	This week's chart doesn't tell you anything that you haven't heard before. Try, more than ever, to keep a tight rein on your temper.
SAGITTARIUS Nov. 22 - Dec. 21	There's something exciting about your chart; sort of a "bittersweet" situation. There's even a chance of kiss and make up. Actually, all departments in your life should improve.
CAPRICORN Dec. 22 - Jan. 19	Try to take a trip down memory lane. Why? Well, according to your chart, it is highly probable that you will duplicate a mistake made in the past.
AQUARIUS Jan. 20 - Feb. 18	Don't think about gambling, even betting a burnt matchstick against a ten dollar bill would be poor odds. Try to hold whatever gains you now possess.
PISCES Feb. 19 - Mar. 20	It seems as though several of your routine associates want to help. So, control the urge to withdraw from those who surround you.

Attend The Church Of Your Choice Saturday Morning Bricklayer

My neighbor Marty is a certified public accountant. He is also an assistant scoutmaster. And treasurer of the Civic Association. Hard worker for local charities. And—oh yes—Marty is a Saturday morning bricklayer. He can build a mighty fine wall to set off that patio he put in last summer.

You'd think that a man so capable and versatile wouldn't feel dependent on anybody or anything. Not so.

It is usually the folks like Marty—the ready, willing and able ones—who are first to recognize their spiritual needs. Nor are they ashamed to admit their dependence on God—and His Church. You'll hear Marty and his wife give credit to their religious beliefs for the strength of their marriage and for the ideals that inspire their family life.

In fact, it's Sunday morning, rather than Saturday, when they do their most important building. How about joining them at church time?

Last Thursday Mr. and Mrs. Elmer Haggadone made a trip to Louisville, Kentucky and on their way home they visited friends at Louisville, Ohio.

We are still in need of the Glen's Grocery tapes and the Betty Crocker coupons for the Frederic Library.

There will be a Senior Citizen potluck, Wednesday, November 6th, at 5:00 at the Frederic Sportsman's Hall.

FREDERIC HOBBY CLUB
Frederic Hobby Club met at the home of Miss Anita Lozon on October 10, with seven members and one guest present. We will send a girl to Girl's State. The evening was spent playing games and the door prize was won by Mrs. Shirley Johnson. The next meeting will be November 14th, at the home of Mrs. Becky Baynam.

CARD OF THANKS

The family of Esther Bailey wishes to thank her many friends for their thoughtful cards and remembrances. A special thanks to the nursing staff at Mercy Hospital for their tender care.

Bits O' Talk

by Fay Beeve

Mr. and Mrs. Jesse Wardlow of Flint, former residents of Grayling, called on old friends Wednesday, October 9. After 15 years absence they noted many changes, mostly for the better. Mr. Wardlow built a house on 703 Erie after his retirement in 1958 and lived there for a short time before moving to Flint.

Recent visitors of Mr. and Mrs. Oral Hendee were her sister from Colfax, Iowa, who spent a month, and Mr. and Mrs. John Peterson of Des Moines, Iowa.

Mrs. Beeve's fifth grade class went to the science room. Mr. Ferguson showed our class a fox head. He showed us how they stuff it. We saw a horse in a jar, skull, puppy, "It," octopus, swordfish, snakes, lizard, chipmunk, rattlesnake, gerbil, crayfish, catfish, goldfish in the aquarium, cat's stomach, crab, seahorses, duck and raccoon. I looked in the microscope. Some of the class and I looked at the insects. Mrs. Doty was very nice. She showed us all around the room.

Jim Douglas and Virginia Stafford returned home Friday from a two week's trip to the Northwest, visiting Glacier and Yellowstone National Parks, the Black Hills, Mt. Rushmore, Spokane, Wash., Expo '74 and the Wisconsin Dells.

Visiting Mr. and Mrs. Jack Spear the past week were her aunt, Mrs. Pheby Morehouse and her brother and wife, Mr. and Mrs. Fred Harrison.

The Cheerful Givers Club will meet Thursday evening at 7:30. Bring scissors.

Mrs. John Duby and children and Mrs. R. K. Lambert and son, Troy, visited friends and relatives over the weekend.

Mr. and Mrs. Jack Smith and daughter, Lynn, of Decatur were at their cabin on the North Branch over the weekend.

Mr. and Mrs. Jack Maki spent several days in Detroit visiting friends.

Victoria Davio, Marie Duby, Violette Richards and Ruth Caid enjoyed their trip on the River Queen Paddle Boat on Saturday.

Save money this winter.

Cut your heating costs up to 17%
with our official insulation program.

Last fall, at the direction of the Michigan Public Service Commission, Michigan Consolidated introduced a low-cost home ceiling insulation program designed to conserve Natural Gas and cut heating costs up to 17%.

How successful has the program been? Well, in the past 10 months, more than 37,700 homeowners have installed ceiling insulation and, as a result, over one billion cubic feet of Natural Gas per year is being conserved. That's enough to heat over 6,500 additional homes this winter. And, that's why we're continuing our insulation program again this fall. Because now is the time to insulate and save.

The heart of our program is simply this: Install six inches of ceiling

insulation in your home. It's a quick, easy and inexpensive project that most homeowners can accomplish by themselves for about \$100.

How can you get the job done? First, you can do it yourself, and we'll gladly provide a free handbook that tells you how. Secondly, you can have it done by an insulation contractor and, if you wish, we will provide you with a list of qualified firms. Or, third, we can have the job done for you through one of our participating subcontractors. The cost is often under \$200 for homes with less than 1,000 square feet of ceiling area.

If you want the job done through one of our participating subcontractors, we have a payment plan to suit every budget. You can pay cash. Or, you can pay over an extended period at an interest rate of 1% monthly on the unpaid balance. (ANNUAL PERCENTAGE RATE OF 12%.)

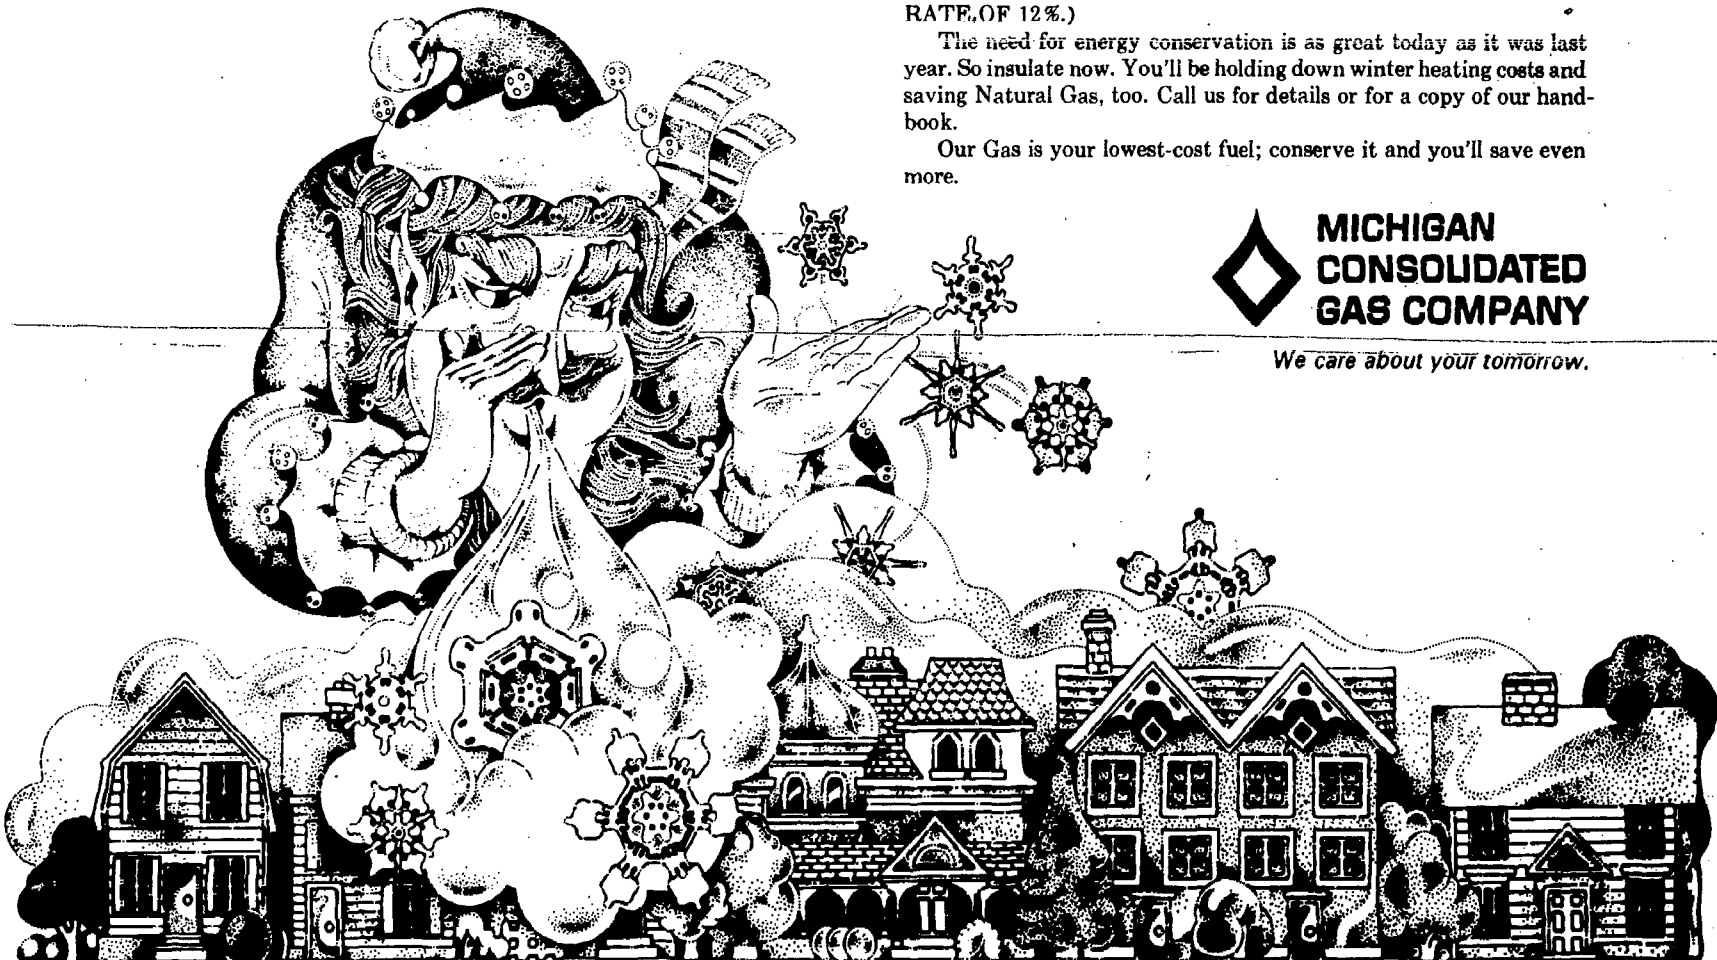

The need for energy conservation is as great today as it was last year. So insulate now. You'll be holding down winter heating costs and saving Natural Gas, too. Call us for details or for a copy of our handbook.

Our Gas is your lowest-cost fuel; conserve it and you'll save even more.

City Council Proceedings

Regular Meeting of the City Council held Monday, September 30, 1974 at 7:30 p.m.
 The meeting was called to order by Mayor Pro-Tem Bovee at 7:30 p.m.
 Councilmen present: Bovee, Palmer Hanson Goinick. Councilmen absent: Mayor McEvers. Also in attendance: City Manager Morford, William Richards, Jack Griese, William Cruise, Ervin Stahl, Donald Sorenson, Robert McLaughlin and Robert Sheen of WGRY.

Moved by Palmer, supported by Hanson that minutes of the Regular Meeting of September 9, 1974 and Special Meeting of September 16, 1974, be approved as presented. Ayes: 4, Nays: 0, Absent: 1, motion carried.

*Mayor McEvers was now present (7:35 p.m.).

Discussion of the proposed 1974 Storm Sewer Program was held with City Manager Morford and Engineers Griese and Cruise recommending to City Council that the contract be awarded to the second lowest bidder, Maclean Construction of Ludington, due to errors in the apparent low bidders proposal and lack of MSMD pre-qualification of low bidder to do the work in question, as specified in the bid documents. Moved by Goinick, supported by Hanson, that the contract for 1974 Storm Sewer Project be awarded to Maclean Construction for a total of \$89,008.84 as recommended and that the Mayor and City Manager are hereby authorized to enter into contracts for same based on the bids as submitted. Ayes: 5, Nays: 0, Absent: 0, motion carried.

Discussion of the proposals submitted for construction of a potable water well at Roberts Road and North Down River Road, was held with William Richards, City Engineer and Ervin Stahl of Layne-Northern Company explaining the two types of well construction proposed by Dunbar Drilling and Layne-Northern Company. The basic difference in cost of the two wells is \$3,332.50 with the Layne-Northern method of cement casing costing more than Dunbar's method of construction without cement casing. *Mayor McEvers left the meeting at 8:50 p.m. After consideration of the two methods proposed, the following action was taken: Moved by Hanson, supported by Goinick that a contract for drilling of the potable water well be awarded to Layne-Northern Division of Singer Corporation as outlined in their proposal dated September 30, 1974. Said contract is not to exceed \$49,865.50 and covers all items except the deductive alternate for right angle drive in Part "A" and the entire pump house or Part "B" of the original plans and specifications. Ayes: 4, Nays: 0, Absent: 0, motion carried.

Communication from Mr. Donald Frisbie regarding invoice #3056 and #3064 was referred to City Manager and City Attorney for action.

There were no citizens present who wished to speak.

OLD BUSINESS

General discussion of water billing procedures and recommended changes was held. The matter will be on a future agenda after further report is received from City Manager.

Two bids were received for sale of 1972 Ford four-door. 1. Mr. Joseph White, Jr., \$350.00; 2. Mr. Larry Wakeley, \$211.00. Moved by Goinick, supported by Hanson that the vehicle be sold as is to Joseph White, Jr. for \$350.00. Ayes: 4, Nays: 0, Absent: 1, motion carried.

Progress on construction of the new fire station was discussed at length. Invoice #1 for payment in amount of \$28,558.00 to P.H. Williams and Son for work completed to September 16, 1974 was presented and recommended for payment based on review of City Manager. Motion by Hanson, supported by Palmer that above invoice be paid in amount of \$28,558.00 representing work in place, upon concurrence of the Grayling Township Board. Ayes: 4, Nays: 0, Absent: 1, motion carried.

U.S.-27 North widening project was discussed with City Manager reporting on the project and noting that plans called for four lanes with curb and gutter from Lake Street to North Down River Road and that the project is tentatively scheduled for bid letting in March, 1975.

An enabling resolution without obligation to the City was adopted providing for an industrial revenue bond issue in amount of \$1,500,000.00 for the Bear Archery Division of Victor Comptometer Corporation of Chicago, Illinois, for expansion of facilities and equipment. The details of this resolution are on file at the City Clerk's office for public inspection. Said resolution was adopted at the regular city council meeting held on August 26, 1974 and was filed at the regular meeting held September 30, 1974 and made a part of the minutes thereof.

The removal of three city-owned billboards at request of Michigan Department of State Highways for a total compensation of \$13,280.00 and the removal of these signs to be compensated for a total of \$1,096.50 if done by City, was discussed. Moved by Goinick, supported by Palmer that the three billboards be removed as per request of the State Highway Department as outlined in their recent offer of compensation for same, upon receipt of a total of \$14,376.50 from MSMD. Ayes: 4, Nays: 0, Absent: 1, motion carried.

City Manager Morford discussed the proposed specifications for a replacement truck for the City Department of Public Works. The truck is in the 1974-75 budget and will be advertised for sealed bids during October, 1974.

City ordinance discussion was deferred to the next meeting. Cemetery improvement discussion report deferred to next meeting.

Out of town grave service charges discussion was deferred to next meeting.

Reports of councilmen were received on the following:
 Repair on North Michigan Avenue was discussed. Manager will contact County Road Engineer regarding same.
 Compliance with Ordinance #23 was discussed with manager to report at next meeting.

Letter from Genesee County Small Cities Association was read by Mayor Pro-Tem Bovee.

Reports on various city projects and problems were given by the City Manager.

Moved by Hanson, supported by Goinick that the Council meeting of September 30, 1974 be adjourned. Ayes: 4, Nays: 0, Absent: 1, motion carried. Meeting declared adjourned at 11:30 p.m.

Road Commission Minutes

September 27, 1974

A regular meeting of the Board of Crawford County Road Commissioners held in their office in Grayling, Chairman Richter presiding. Members present Commissioners Ervin E. Richter, Harold T. Johnson and Lawrence Mattis and Engineer Manager John M. Keir. Absent, none.

The minutes of the last regular and special meetings were read. A motion was made by Comm. Johnson, supported by Comm. Mattis that the minutes be approved as read. All voted in favor, motion carried.

Dean Welch, Road and Bridges Committee, appeared before the Board.

An application was received from General Telephone Company for a permit to place buried communication cable along 4 Mile Road. The permit was approved and signed by the Commissioners.

An injunction was signed and returned for service, the purpose of the injunction being to restrain further blockage of a Certified County road in Lovells Township.

A letter was received from Mr. William Laurie, protesting the use of County Roads by snowmobiles.

The final plat plan of "AuSable Woods No. 6" was approved and signed by the Commissioners.

Mr. Jerry Morford, City Manager, appeared before the Board to discuss drain improvements along North Down River Road from I-75 Business Loop to Michigan Avenue and to discuss proposed improvements to I-75 Business Loop within the City of Grayling.

A discussion was held on additional traffic control devices on Old 27 in the vicinity of the High School and on North Down River Road at intersection of I-75 Business Loop and Michigan Avenues. A letter is being sent to the Traffic Control Division of the Michigan State Police for a review of possible speed limit signs at the Grayling High School.

A discussion was held on future construction plans for the Manistee River Road, the Road Commission's attorney to be contacted in regard to clearing up right of way problems.

Commissioner Ervin E. Richter proposed the following Resolution and moved its adoption:
BE IT RESOLVED that the Board of Crawford County Road Commissioners sign an agreement with the Crawford-Roscommon Soil Conservation District for Critical Area treatment of Crawford County roads. Supported by Commissioner Harold T. Johnson. Yeas: Richter, Johnson, Mattis. Nays: none.

Following the business meeting a motion was made and supported to adjourn. All voted in favor, motion carried, meeting adjourned.

WHEREAS, the Township of Grayling (the "Municipality") is a municipal body corporate organized and existing under and pursuant to the laws of the State of Michigan and is authorized by Act No. 62, Public Acts of Michigan, 1963, as amended (hereinafter sometimes referred to as "Act No. 62"), to acquire lands within or without its corporate limits and to construct and/or acquire, improve, enlarge and remodel industrial buildings thereon and to acquire and install industrial machinery and equipment therein and to lease the same in order to alleviate and prevent conditions of unemployment, to assist and retain local industries, to meet growing competition for new industries and to strengthen and revitalize the economy of the Municipality in general; and

WHEREAS, the Municipality is authorized by Act No. 62 to issue industrial development revenue bonds payable solely from the net revenues derived from the Project thus acquired or constructed through the issuance of such bonds; and

WHEREAS, the Municipality has made necessary arrangements with Lake Woods Forest Products, Inc., a Michigan corporation (hereinafter defined as the "Company") for the location of the Project within the Municipality, from which Project the Municipality will receive the benefits contemplated by Act No. 62; and

WHEREAS, pursuant to and in accordance with the provisions of Act No. 62 the Municipality shall cause the Site and Existing Plant to be acquired, shall cause the New Plant to be constructed thereon, and shall cause the Leased Equipment to be acquired and installed therein; provided, however, that the cost of said acquisition, construction or installation of the Site, the Existing Plant, the New Plant, and the Leased Equipment shall be paid solely from the proceeds of the Bonds or from moneys provided by the Company pursuant to the Agreement; and

WHEREAS, pursuant to and in accordance with the provisions of Act No. 62 the Municipality shall finance the cost of acquiring, constructing or installing the Project by the issuance of the Bonds to be issued in accordance with the Indenture and to be paid solely from the net revenues received by the Municipality under the Agreement and neither said Bonds nor any interest coupon appertaining thereto shall ever constitute a general obligation of the Municipality within the meaning of any constitutional or statutory or charter provision or limitation; and

WHEREAS, it has been determined that the estimated amount necessary to finance the cost of the Project, including necessary expenses incidental thereto and to the issuance of the Bonds will require the issuance, sale and delivery of Series A Bonds in the principal amount of \$2,500,000, and that the purposes contemplated by Paragraph 3.2 of the Agreement may require the subsequent issuance, sale and delivery of Additional Bonds in the aggregate principal amount of not more than \$2,000,000 at such time or from time to time as may be found necessary, which Series A Bonds and Additional Bonds are more particularly described in the Indenture and which Bonds are to be secured in the manner and under the terms and conditions set forth in the Indenture; and

WHEREAS, the acquisition, construction, installation and leasing of the Project and the issuance of the Bonds by the Municipality as herein recited and provided will serve the intended accomplishments and in all respects conform to the provisions and requirements of Act No. 62;

NOW, THEREFORE, BE IT RESOLVED by the Township Board of the Municipality:

1. The following words and terms as used in this resolution and the preambles hereto shall have the following meanings unless the context or use clearly indicates another or different meaning or intent:

"Additional Bonds" means the additional bonds not exceeding \$2,000,000 principal amount of the Township of Grayling, Michigan, Industrial Development Revenue Bonds (Lake Woods Forest Products, Inc. Project) which are authorized to be issued in one or more series from time to time under Section 207 of the Indenture to provide funds for the purposes contemplated by Paragraph 3.2 of the Agreement.

"Agreement" means the Lease Purchase Agreement, dated as of October 1, 1974, to be made and entered into by and between the Municipality and the Company, as approved by this resolution, as the same may from time to time be amended.

"Bond" or "Bonds" means the Series A Bonds and the Additional Bonds to be issued under the Indenture.

"Bond Fund" or "Township of Grayling Industrial Development Revenue Bond Fund - Lake Woods Forest Products, Inc. Project" means the fund created in Section 502 of the Indenture.

"Bondholder" or "holder" (when used with reference to Bonds) or "owner of the Bonds" means the bearer of any Bond not registered as to principal and the registered owner of any Bond registered as to principal or as to principal and interest and "holder" (when used with reference to coupons) shall mean the bearer of such coupons.

"Bond Purchaser" means Mellon Bank N.A., Pittsburgh, Pennsylvania.

"Bond Purchase Agreement" means the agreement by and between the Municipality and the Bond Purchaser, as approved by this resolution, relating to the purchase by the Bond Purchaser and the sale to the Bond Purchaser by the Municipality of the Series A Bonds.

"Company" means Lake Woods Forest Products, Inc., a Michigan corporation, and its successors and assigns and any surviving, resulting or transferee corporation as provided in the Agreement.

"Construction Fund" or "Township of Grayling Industrial Development Construction Fund - Lake Woods Forest Products, Inc. Project" means the fund created by Section 601 of the Indenture.

The term "coupon" means any of the coupons issued hereunder evidencing the semi-annual installments of interest on the applicable Bond or Bonds.

"Existing Plant" means all buildings and structures located on the Site on the date of delivery of the Series A Bonds.

"Guarantee" means the Guarantee Agreement executed by and between the Guarantor and the Trustee of even date herewith pursuant to which the Guarantor, as an indenture to the Municipality to issue the Bonds and to the purchasers of any such Bonds to purchase the same, unconditionally guarantees the full and prompt payment of the principal of, premium, if any, and interest on the Bonds when and as the same become due, as the same may be amended or supplemented from time to time.

"Guarantor" means Scott Paper Company, a Pennsylvania corporation, guarantor under the Guarantee, and its successors and assigns and any surviving, resulting or transferee corporation as provided in the Guarantee.

"Indenture" means the Trust Indenture dated as of October 1, 1974, to be made and entered into by and between the Municipality and the Trustee, as approved by this resolution, as may be supplemented from time to time in accordance with its terms.

"Leased Equipment" means those items of machinery, equipment and related property acquired or permitted in the Agreement to be acquired and installed in the Plant or elsewhere on the Site with proceeds from the sale of the Bonds or the proceeds of any payment by the Company pursuant to Paragraph 3.3 of the Agreement to complete the Project (which property is described generally in Exhibit B to the Indenture and will be described in the instruments referred to in Paragraph 23.3 of the Agreement) and any item of machinery and equipment and related property acquired and installed in the Plant or elsewhere on the Site in substitution thereof or in addition thereto pursuant to the provisions of Paragraphs 11, 12 and 13 of the Agreement, less such machinery, equipment and related property as may be released from the Agreement pursuant to Paragraph 13 of the Agreement or taken by the exercise of the power of eminent domain as provided in Paragraph 16 of the Agreement, all as they may at any time exist, but not including the Company's own machinery and equipment installed under the provisions of Paragraph 13 of the Agreement.

"Municipality," "Township" or "Township of Grayling" means the Township of Grayling, Michigan, or any successor municipal body corporate succeeding to its rights and obligations under the Agreement and the Indenture.

"New Plant" means the portion of the Plant to be completed following delivery of the Series A Bonds in accordance with the Plans and Specifications as defined in the Agreement.

"Plant" means the Existing Plant and the New Plant.

"Project" means the Site, the Plant and the Leased Equipment and improvements and appurtenances thereto, as they may at any time exist during the term of the Agreement.

"Series A Bond" or "Series A Bonds" means the \$2,500,000 principal amount of the Township of Grayling, Michigan, Industrial Development Revenue Bonds (Lake Woods Forest Products, Inc. Project), dated as of October 1, 1974, authorized to be issued under Sections 201 and 202 of the Indenture.

"Site" means the real estate, interest in real estate and other rights described in Exhibit A to the Indenture and any indenture supplementing the Indenture, together with all additions thereto and substitutions thereof less such real estate, interests in real estate and other rights as may be released pursuant to Paragraphs 17 and 28 of the Agreement or taken by the exercise of the power of

eminent domain as provided in Paragraph 16 of the Agreement.

"Surplus Fund" or "Township of Grayling Industrial Development Surplus Fund" - Lake Woods Forest Products, Inc. Project" means the fund created by Section 604 of the Indenture.

"Trustee" means Mellon Bank N.A., Pittsburgh, Pennsylvania, and its successors and any corporation resulting from or surviving any consolidation or merger to which it or its successors may be a party and any successor trustee at the time serving as successor trustee hereunder.

2. The Township Board does hereby determine that it is necessary and for the best interests of the Municipality to acquire and construct or install the Site, Existing Plant, New Plant and Leased Equipment and lease the Project to the Company, and does hereby determine that the estimated cost of the Project including all costs of the issuance of the Bonds, all engineering, architectural, inspection, fiscal and legal expenses and all other costs and expenses in connection therewith as provided in the Agreement and Indenture is not less than Two Million Five Hundred Thousand (\$2,500,000) Dollars. The Township Board, based on advice of the Company, does hereby determine that the cost of the Leased Equipment as a part of the Project will represent more than two-thirds (⅔) of the total cost of the Project, and that the estimated period of usefulness of the Leased Equipment is not less than ten (10) years.

3. The Municipality shall borrow the sum of Two Million Five Hundred Thousand (\$2,500,000) Dollars and issue its Series A Bonds therefor to provide the funds to defray the costs of the Project as set forth in Paragraph 2 above and as provided in the Agreement and Indenture.

4. The Series A Bonds shall be designated "Township of Grayling Industrial Development Revenue Bonds (Lake Woods Forest Products, Inc. Project) Series A." They shall be dated October 1, 1974, and shall bear interest from the date thereof at the rate of SIX AND THREE QUARTERS PER CENT (6-¾%) payable April 1, 1975, and semi-annually thereafter on October 1 and April 1 of each year until said Bonds are paid in full. Except as hereinafter provided, the Bonds shall be coupon Bonds in the denomination of \$5,000 each, and shall be numbered consecutively from 1 upward and shall mature in numerical order on April 1 and October 1 in each of the years and in the principal amounts set forth in the following schedule:

Date	Principal Amount
April 1, 1979	\$310,000
October 1, 1979	315,000
April 1, 1980	310,000
October 1, 1980	315,000
April 1, 1981	310,000
October 1, 1981	315,000
April 1, 1982	310,000
October 1, 1982	315,000

Both principal of and interest on the Series A Bonds shall be payable in lawful money of the United States of America at the principal office of the Trustee.

The Series A Bonds may, in addition, be issued as a single fully registered Bond in the principal amount of \$2,500,000 with payments of principal and interest due at the times, in the amounts, at the rates and with such rights of prepayment as the Series A coupon Bonds, taken in the aggregate, have. The single fully registered Bond shall be Convertible, at the option of the registered holder thereof, and without expense to said holder, into coupon Bonds in the denomination of \$5,000 each in the principal remaining unpaid on the single fully registered Bond at the time of conversion with maturities and interest rates conforming to those remaining unpaid at the time of conversion.

The Series A Bonds are not subject to redemption prior to maturity except as hereinafter provided.

The Series A Bonds which mature on or after October 1, 1976, are also subject to redemption prior to maturity on any interest payment date on or after April 1, 1976, in whole or in part and, if less than all of such Bonds are to be redeemed, in the inverse order of maturity (less than all of the Bonds of a single maturity to be selected by lot in such manner as may be designated by the Trustee) at 100% of the principal amount thereof, plus accrued interest to the redemption date.

The Series A Bonds are also subject to redemption in the event that the interest on the Bonds shall at any time fail to be excludable from gross income under §103(a) of the Internal Revenue Code of 1954, as amended, by reason of a violation of the capital expenditures limitation provided for in §103(c) (6) thereof. In such event, the Series A Bonds shall be redeemed in whole on the first interest payment date following April 1, 1976, and the date of closing of the purchase of the Project under Paragraph 18.6 of the Agreement by which the requisite notice of redemption can be given after the occurrence of such event at the principal amount thereof plus accrued interest to the redemption date plus one year's interest for each year or fraction thereof between the date as of which interest on the Bonds shall so fail to be excludable from gross income under said §103(a) and the redemption date.

Notice of the call for any such redemption identifying the Bonds to be redeemed shall be given by publication in a financial journal or newspaper of general circulation in the City of New York, New York, not less than thirty days prior to the redemption date, and in the case of the redemption of Bonds at the time registered as to principal (except to bearer) or both principal and interest, upon mailing a copy of the redemption notice by first class mail at least thirty days prior to the date fixed for redemption to the registered owner of each Bond to be redeemed at the address shown on the registration books; provided, however, that failure to give such notice by mailing, or any defect therein, shall not affect the validity of any proceedings for the redemption of Bonds. If all of said Bonds to be redeemed are at that time registered as to principal (except to bearer) or both principal and interest, notice by first class mail to the owner or owners thereof not less than thirty days prior to the date fixed for redemption shall be sufficient and published notice of the call for redemption need not be given.

On or prior to the date fixed for redemption, cash funds shall be placed with the Trustee to pay the Bonds called and accrued interest thereon to the redemption date and the premium, if any. Upon the happening of the above conditions, the Bonds thus called shall not bear interest after the date fixed for redemption, shall no longer be protected by the Indenture and shall not be deemed to be outstanding under the provisions of the Indenture.

If, because of the temporary or permanent suspension of the publication or general circulation of any newspaper or financial journal or for any other reason, it is impossible or impractical to publish such notice of call for redemption in the manner herein provided, then such publication in lieu thereof as shall be made with the approval of the Trustee shall constitute a sufficient publication of notice.

5. The Bonds and the attached coupons shall not be a general obligation or indebtedness of the Municipality and shall never constitute nor give rise to a pecuniary liability of the Municipality or a charge against its general credit or taxing powers. The Bonds and the attached coupons shall be special obligations of the Municipality payable solely from the net revenues derived from the Project (except to the extent payable out of moneys attributable to Bond proceeds or the income from temporary investment thereof and, under certain circumstances, proceeds from insurance and condemnation awards, as provided in the Agreement and Indenture). All net revenues from the Project shall be pledged and a security interest therein shall be granted in and unto the Trustee and unto the respective successors in trust for the payment of the principal and interest on the Bonds and the performance of the other obligations of the Municipality contained in the Indenture, except amounts payable under Paragraphs 5.3, 8, 10 and 14 of the Agreement and the rights of the Municipality under such Paragraphs. The payments when paid by the Company, pursuant to the Agreement, except those payments received under Paragraphs 5.3, 8, 10 and 14 of the Agreement, shall be paid directly to the Trustee for the account of the Municipality so long as any of the Bonds and coupons pertaining thereto shall be outstanding and unpaid. The Municipality shall assign, set over to, and grant a security interest in the Agreement and its right, title and interest therein, except the Municipality's rights under Paragraphs 5.3, 8, 10 and 14 of the Agreement, to the Trustee for the benefit of the Bondholders. The Municipality acknowledges that any amounts received under the Guarantee shall be deposited in the Bond Fund and applied to the payment of principal of, premium, if any, and interest on the Bonds.

6. The Bonds shall be signed on behalf of the Township by the manual signature of the Township Supervisor and countersigned by the manual signature of the Township Clerk and the corporate seal of the Township shall be affixed thereto. The coupons attached to said Bonds shall be executed by the facsimile signatures of the Township Supervisor and Township Clerk. There shall be endorsed on each of said Bonds the Trustee's certificate of authentication, substantially in the form hereinafter set forth which shall be duly executed on behalf of the Trustee by a duly authorized officer thereof before any such Bond shall be entitled to any right or benefit under the Indenture. Said Bonds shall be delivered in the manner provided by the Indenture and the Bond Purchase Agreement.

7. The Bonds shall contain a recital that they are issued pursuant to Act No. 62, Public Acts of Michigan, 1963, as amended, and said Bonds and the coupons attached thereto shall be in substantially the following forms with such appropriate variations, omissions and insertions as are permitted or required by this resolution and the Indenture:

No. **KNOW ALL MEN BY THESE PRESENTS** that the Township of Grayling, County of Crawford, Michigan (herein referred to as the "Municipality") for value received, promises to pay from the source and as hereinafter provided, to bearer, or, if this Bond be registered, to the registered owner thereof, on _____, 19____, the principal sum of Five Thousand (\$5,000.00) Dollars and to pay interest on said sum from the date hereof at the rate of six and three quarters per cent (6 3/4 %) per annum on April 1, 1975, and semi-annually thereafter on October 1 and April 1 of each year until said principal sum is paid, except as the provisions hereinafter set forth with respect to redemption prior to maturity may become applicable hereto, both principal of and interest on this Bond being payable in lawful money of the United States of America at the principal office of the Trustee, Mellon Bank N.A., in the City of Pittsburgh, Pennsylvania, or its successor in trust (herein referred to as the "Trustee").

This Bond is one of an authorized series of Bonds limited in aggregate principal amount to \$2,500,000.00 issued and authorized to be issued for the purpose of acquiring, improving, enlarging and remodeling an industrial building, acquiring the site therefor, and acquiring and installing industrial machinery and equipment therein (hereinafter collectively called the "Project") and leasing the same to Lake Woods Forest Products, Inc., a Michigan corporation (herein referred to as the "Company") pursuant to a Lease Purchase Agreement dated as of October 1, 1974 (herein referred to as the "Agreement") and paying necessary expenses incidental thereto and to the issuance of the series of Bonds of which this is one so as to thereby alleviate and prevent conditions of unemployment, assist and retain local industries and to strengthen and revitalize the economy of the Municipality in general. The payment of principal, interest and premium, if any, in respect of the Bonds has been unconditionally guaranteed by Scott Paper Company, a Pennsylvania corporation, pursuant to a Guarantee Agreement, dated as of October 1, 1974, entered into between Scott Paper Company and the Trustee for the benefit of the Bondholders and the holders of coupons appertaining to the Bonds (herein referred to as the "Guarantee"). Said Bonds are all issued under and are to be equally and ratably secured and entitled to the protection given by an Indenture (hereinafter referred to as the "Indenture"), dated as of October 1, 1974, duly executed and delivered by the Municipality to the Trustee.

The Indenture and the Agreement are recorded in the office of the Register of Deeds, Crawford County, Michigan, and the Indenture, the Guarantee and Agreement are on file at the principal offices of the Municipality and Trustee. Reference is hereby made to the Indenture, Agreement and Guarantee for the provisions, among others, with respect to the nature and extent of the security, the rights, duties and obligations of the Municipality, the Company, Scott Paper Company, the Trustee and the holders of the Bonds and the terms upon which the Bonds of which this is one are or may be issued and secured, and the right of the Municipality to issue Additional Bonds which will be of equal standing with the series of Bonds of which this is one.

This Bond and appurtenant coupons are fully negotiable, but this Bond may be registered as to principal on the registration books of the Municipality in the office of the Trustee as Bond Registrar, upon presentation hereof at such office and the notation of such registration endorsed hereon by the Bond Registrar, and this Bond may thereafter be transferred on such Books by the registered owner in person or by duly authorized attorney, evidence of such transfer to be in like manner endorsed hereon. Such transfer may be to bearer, and thereby transferability by delivery shall be restored, subject, however, to successive registration and transfers as before. The principal of this Bond, if registered, unless registered to bearer, shall be payable only to the registered owner or his legal representative. Interest accruing on this Bond will be paid only on presentation and surrender of the attached interest coupons as they respectively become due, and registration of this Bond as to principal as aforesaid will not affect the transferability by delivery of such coupons; provided, that if upon registration of this Bond, or at any time thereafter while this Bond is registered in the name of the owner, the unmatured coupons attached evidencing interest to be thereafter paid hereon shall be surrendered to said Bond Registrar a statement to that effect will be endorsed hereon by the Bond Registrar and thereafter interest evidenced by such surrendered coupons will be paid by check or draft of the Bond Registrar at the times provided herein to the registered owner of this Bond by mail to the address shown on the registration books. This Bond when so converted into a Bond registered as to both principal and interest may be converted into a coupon Bond at the written request of the registered owner and Bond presentation at the office of said Bond Registrar in the manner and upon payment of the charges provided in the Indenture. Upon such conversion the coupons representing the interest to become due thereafter to the date of maturity will again be attached to this Bond and a statement will be endorsed hereon by the Bond Registrar in the registration blank on the back of the Bond whether it is then registered as to principal alone or payable to bearer.

The Bonds are not subject to redemption prior to maturity except as hereafter provided.

The Bonds which mature on or after October 1, 1976, are also subject to redemption prior to maturity on any interest payment date on or after April 1, 1976, in whole or in part and, if less than all of such Bonds are to be redeemed, in the inverse order of maturity (less than all of the Bonds of a single maturity to be selected by lot in such manner as may be designated by the Trustee) at 100% of the principal amount thereof, plus accrued interest to the redemption date.

The Bonds are also subject to redemption in the event that the interest on the Bonds shall at any time fail to be excludable from gross income under §103(a) of the Internal Revenue Code of 1954, as amended, by reason of a violation of the capital expenditures limitation provided for in §103(c) (6) thereof. In such event, the Bonds shall be redeemed in whole on the first interest payment following the date of closing of the purchase of the Project under Paragraph 18.6 of the Agreement for which the requisite notice of redemption can be given after the occurrence of such event, but not before April 1, 1976, at the principal amount thereof plus accrued interest to the redemption date plus one year's interest for each year or fraction thereof between the date as of which interest on the Bonds shall so fail to be excludable from gross income under said §103(a) and the redemption date.

Notice of the call for any such redemption, identifying the Bonds to be redeemed, shall be given by publication in a financial journal or newspaper of general circulation published in the City of New York, New York, not less than thirty days prior to the redemption date, and in the case of the redemption of Bonds at the time registered as to principal (except to bearer) or both principal and interest, upon mailing a copy of the redemption notice by first class mail at least thirty days prior to the date fixed for redemption to the registered owner of each Bond to be redeemed at the address shown on the registration books; provided, however, that failure to give such notice by mailing, or any defect therein, shall not affect the validity of any proceedings for the redemption of Bonds. If all of said Bonds to be redeemed are at that time registered as to principal (except to bearer) or both principal and interest, notice by first-class mail to the owner or owners thereof not less than thirty days prior to the date fixed for redemption shall be sufficient and redemption notice of the call for redemption need not be given.

On or prior to the date fixed for redemption, cash funds shall be placed with the Trustee to pay the Bonds called and accrued interest thereon to the redemption date and the premium, if any. Upon the happening of the above conditions, the Bonds thus called shall not bear interest after the date fixed for redemption, shall no longer be protected by the Indenture and shall not be deemed to be outstanding under the provisions of the Indenture.

If because of the temporary or permanent suspension of the publication or general circulation of any newspaper or financial journal or for any other reason, it is impossible or impractical to publish such notice of call for redemption in the manner herein provided, then such publication in lieu thereof as shall be made with the approval of the Trustee shall constitute a sufficient publication of notice.

This Bond and the series of which it forms a part as may be outstanding from time to time are issued pursuant to and in full compliance with the Constitution and laws of the State of Michigan, particularly Act No. 62, Public Acts of Michigan, 1963, as amended (herein referred to as Act No. 62) and pursuant to a resolution of the Township Board of the Municipality adopted and approved on _____, 1974. This Bond and the series of which it forms a part and the interest coupons appertaining hereto are special obligations of the Municipality and shall never constitute a general obligation of the Municipality within the meaning of any constitutional or statutory or charter provision or limitation, but are payable solely from the net revenues derived from the Project financed through the issuance of the Bonds and which has been leased to the Company. The Bonds and the interest coupons appertaining thereto shall never constitute nor give rise to pecuniary liability of the Municipality or a charge against its general credit or taxing powers. the enforcement of the county. Cities, Townships and villages can later adopt a construction code and enforce it themselves, but they will be enforced by the county until such time that they do adopt a code for themselves.

Col. Joseph Parisi, Michigan Township Association has a model ordinance the township can use. It is a one page ordinance which adopts the code of their choosing, as long as they choose one of the approved codes.

As I heard Hilprecht, the county would be concerned primarily with enforcing construction. As the state got rules together then they would include plumbing, mechanical and electrical. This would be done in about a year to eighteen months.

Hopefully they (the state) would make some arrangements to train inspectors who could do all of the inspecting. It would get rather expensive if the county had to hire a different person to do each aspect of the inspection.

The state's code is essentially the BOCA (Building Officials Conference of America). Crawford County adopted the BOCA code several months ago. There probably will be little difference between what they have now and the state code.

Missionary At Free Methodist Thursday Nite

Miss Doris Moore, who has served as missionary nurse in the Central African country of Burundi, will share her experiences at the Free Methodist Church, located on M-72, 1 mile west of Grayling, Thursday, Oct. 17th at 7:00 p.m.

The small country of Burundi suffered from inter-tribal conflict in 1972. During that time, in spite of many difficulties, Miss Moore continued the work of Kibuye Hospital. When the only doctor at the hospital left for the United States, Miss Moore, another missionary nurse, and a depleted African staff kept the hospital functioning. Under her supervision the hospital has maintained a reputation for providing good medical care in an atmosphere of Christian love and concern. Those who come receive not only medical aid but are told the story of God's love.

Many children in Burundi suffer from kwashiorkor, a protein-deficiency disease. In an effort to treat these children Miss Moore began a feeding program. Two clinics provide milk and high protein foods such as soybean porridge for approximately 200 children.

Coping with medical problems is only one aspect of Miss Moore's work. She often travels to outstations to give spiritual encouragement to national pastors and lend a helping hand where needed.

Miss Moore received nurse's training in Regina, Saskatchewan. Further preparation included training in midwifery in New York City and a special tropical medicine course in Belgium.

The public is invited to this missionary service.

Wednesday afternoon, after the Avalanche had appeared, I was stopped on the street by a local citizen who appeared to be in a state of mild shock. "Have you seen the Avalanche yet?" he demanded. I told him that no, I hadn't, and that all I had to do was write for it, not read it. He ignored that clever remark and went on: "What's this crap about the Museum closing for the winter?" "You're kidding," I said. He said that he wasn't, that the story was right on the front page. I assumed, naturally, that he meant the Fred Bear Museum, which he did. So I read that particular article and there, big as life, in bold face, was a short paragraph with the heading "Museum To Close For Winter." Further reading revealed that it was the Historical Museum the paper was talking about. NOT the Fred Bear Museum. But I guess we are a nation of headline readers, stopping the process of thumbing through papers only if our self interest is involved, if it's a matter of moarls, if there's a picture and (locally) District Court Action-a feature which feeds grist to the local gossip mill. In larger papers, there are sports and comics to stop the reader, and in ALL papers one should always read the columnists. But I stray. The point I am struggling to make is that headlines in and of themselves should, but rarely do, tell the whole story, and just reading headlines can lead to misinformation.

In my opinion there is nothing more difficult in newspaper work than writing headlines. You have so much space and so many characters to put into that space. And those characters include spaces between words. Yet the head has to tell enough of the story for information and lead the reader into the trash which might follow. You see, in larger papers, news writers are not allowed to write heads: it taxes their intelligence too much. And that is why they are just writers, and why the poorer writers become columnists. Anyway, dear friends, the Fred Bear Museum is open on a YEAR AROUND basis from ten till six, no matter what you may read. (Now, when this paper comes out, I think I'll go out there and see if I can get a discount on something.)

The Reverend John G. Carlton has retired as Vicar of St. Francis Episcopal Church. This has got to be a sad loss to members of that parish. I have never attended St. Francis, but always had it in the back of my mind that I would go there for some service some day. Now I probably won't. I first got to know Father Carlton on a social basis and we hit it off immediately. He was never pontifical or officious, never wore his faith on his sleeve or carried it as a chip on his shoulder. He was just himself, a kind, gentle, thoughtful man who knew how to laugh. I remember a few

years ago when I was in the hospital for about three weeks - it was Father Carlton who was my most constant visitor from the clergy. I was always glad to see him come in the door. The pastor from my own church sent an assistant up - just once. Very recently I ended up in the Emergency Room, and who was there within fifteen minutes? Fr. Carlton - and that was after he had retired. So he hasn't changed one bit. And we can all be thankful to the high heavens that he is going to stay around Grayling. People of his sort don't "travel" with us very often.

Odds and Ends: The Doctors are back! And I don't mean the TV show either. The four who have been off in the wilds of North Carolina hunting - golf balls in the rough. And what do you think of that Grayling JV team? Wow! Six straight wins. Maybe the Varsity ought to change coaching staffs with the JV's. But then the Juniors probably wouldn't like that one little bit.
